**Subject: Site Assessment Waste Manifests Letter
Former Mobil Service Station 18MRC
25808 Narbonne Avenue, Lomita, California
LARWQCB Case #I-05152C**

Dear Mr. Ryan:

At the request of ExxonMobil Environmental and Property Solutions Company, on behalf of ExxonMobil Oil Corporation (ExxonMobil), ETIC has prepared this Site Assessment Waste Manifests Letter for Former Mobil Station 18MRC located at 25808 Narbonne Avenue, Lomita, California. As discussed in ETIC's Site Assessment Report dated 16 March 2020, generated waste was placed in 55-gallon drums, labeled, and temporarily stored onsite. A total of 13 drums of soil and one drum of decontamination water were generated during the site assessment activities. The drums were removed from the site by Belshire Environmental Services, Inc. on 6 March 2020. Drums of soil were transported to Soil Safe in Adelanto, California for proper disposal. The drum of water was transported to Crosby and Overton in Long Beach, California for proper disposal. The waste manifests are included in Attachment 1.

If you have any questions or comments, please contact Ms. Marla Madden of ExxonMobil at 714-964-4935 or the undersigned at 626-460-9995.

Zachary Spahn, PG
