**Subject: Semiannual Groundwater Monitoring Waste Manifest Letter  
Pacific Shell Service Station / Former Mobil Service Station 18MRC  
25808 Narbonne Avenue, Lomita, California 90717  
CRWQCB-LAR Case #I-05152C**

Dear Ms. Duval:

At the request of ExxonMobil Environmental and Property Solutions Company, on behalf of ExxonMobil Oil Corporation (ExxonMobil), ETIC has prepared this Semiannual Groundwater Monitoring Waste Manifest Letter for Pacific Shell Service Station / Former Mobil Service Station 18MRC located at 25808 Narbonne Avenue, Lomita, California. As discussed in ETIC's Semiannual Groundwater Monitoring Report dated 13 January 2023, generated waste was placed in 55-gallon drums, labeled, and temporarily stored onsite. A total of two drums of purge water were generated during the groundwater monitoring and sampling activities. The drums were removed from the site by Belshire Environmental Services, Inc. on 22 December 2022 and transported to Crosby and Overton in Long Beach, California for proper disposal. The waste manifest is included in Attachment 1.

If you have any questions or comments, please contact Ms. Marla Madden of ExxonMobil at 714-964-4935 or the undersigned at 626-460-9995.

Zachary Spahn, PG
