Dear John Morrow,

**ASSEMBLY BILL 332, ALTERNATIVE MANAGEMENT STANDARDS FOR TREATED WOOD WASTE FOR CAMP ROBERTS SOLID WASTE SITE, SAN LUIS OBISPO COUNTY**

Assembly Bill 332, Committee on Environmental Safety and Toxic Materials, Hazardous waste: treated wood waste: management standards (AB332) was approved by Governor Newsom on August 31, 2021, and is effective immediately. AB332 includes new alternative management standards for treated wood waste (TWW) and amends and renumbers portions of Section 25150.8 of the Health and Safety Code. It also adds Article 11.2 (commencing with Section 25230) to Chapter 6.5 of Division 20 of the Health and Safety Code.

Board Order No. R3-2010-0038 authorizes Camp Roberts Solid Waste Site to accept TWW pursuant to Health and Safety Code Section 25150.7 and associated TWW regulations; however, with the sunset of Section 25150.7 on December 31, 2020, disposal of TWW must now follow the requirements provided in Article 11.2, commencing with Section 25230. The alternative management standards within this Section are equivalent to those under former Section 25150.7.

Therefore, Camp Roberts Solid Waste Site may continue to accept TWW for disposal as stated in the Board Order conditionally upon compliance with all the applicable requirements outlined in AB332 and set forth in Section 25230 of the Health and Safety Code.

For AB332 in full, see the California Legislative Information website at: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202120220AB332
Sincerely,

for Mathew T. Keeling
Executive Officer
